Experienced at different

At PCL we pride ourselves on our consultative approach

We are always keen to work with our customers from the start of any project. This enables the best possible solution to be found

Our engineering staff are at your disposal to assist and advise to ensure a smooth transition from design through to delivery of your project

Not all circuit board manufacturers are equal

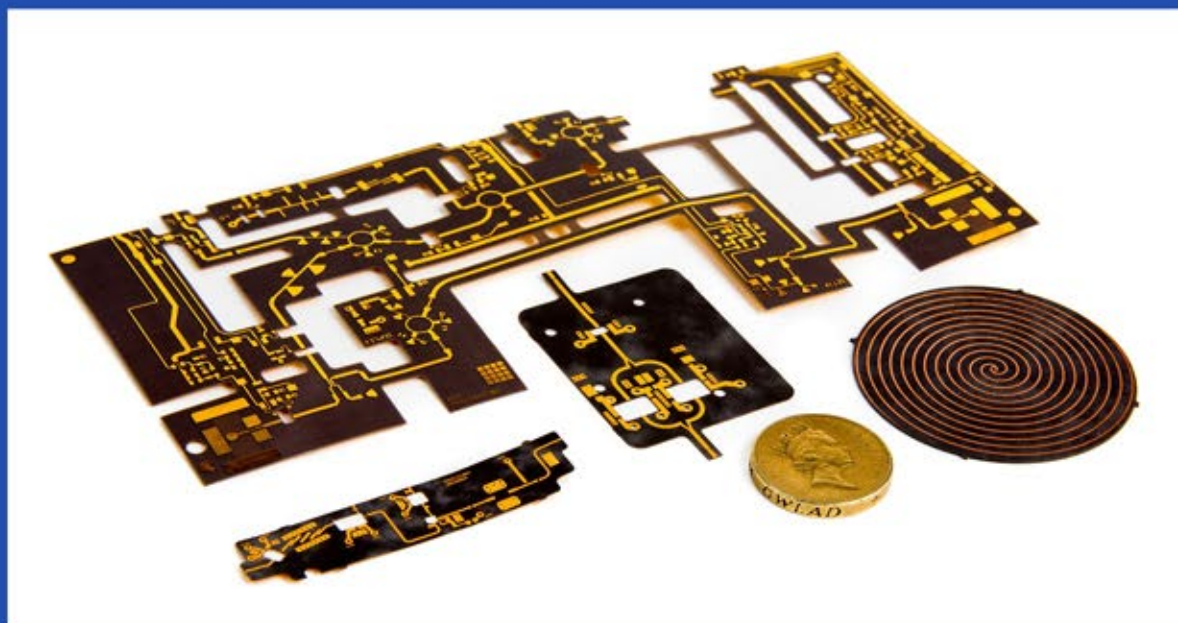

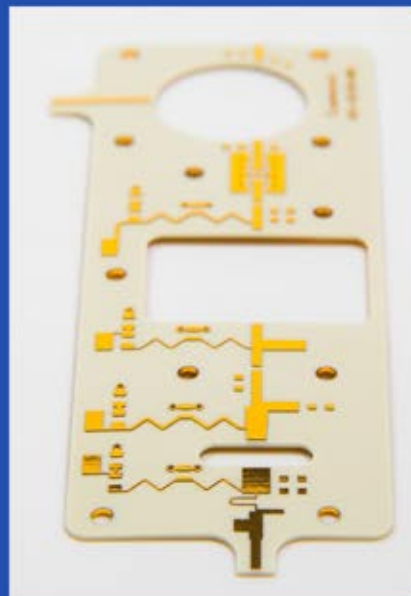

rfpcbs.com

Experienced at different

Not all circuit boards are
FR4

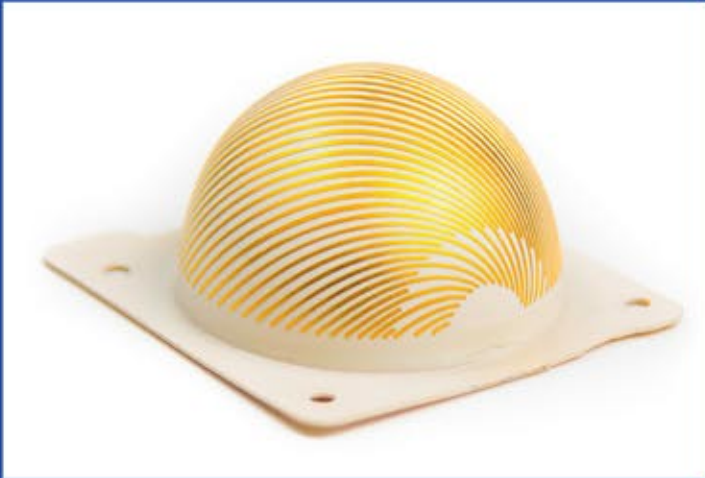

Ours are exotic

rfpcbs.com

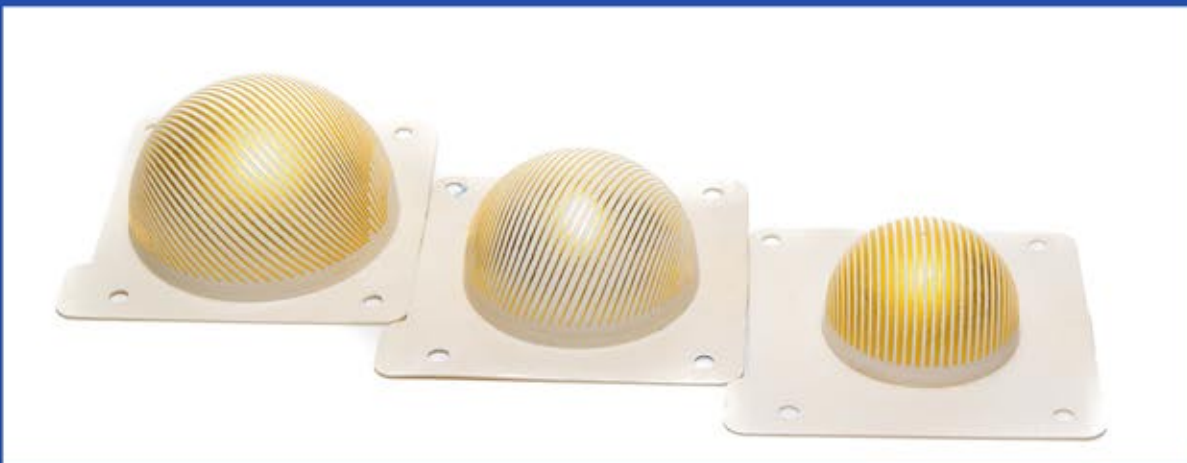

Experienced at different

Not all circuit boards are flat

Ours take shape

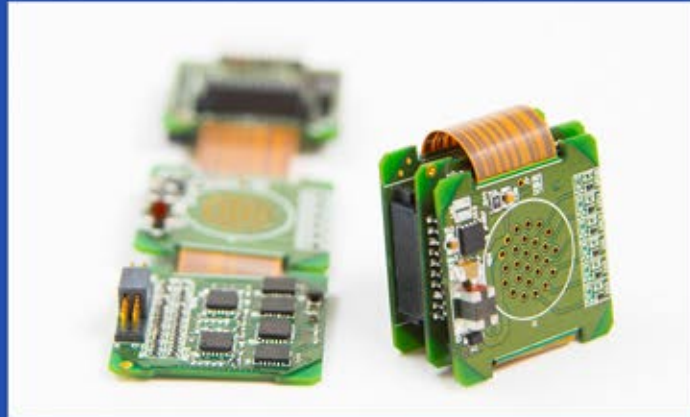

rfpcbs.com

Experienced at different

Not all circuit boards are
just rigid

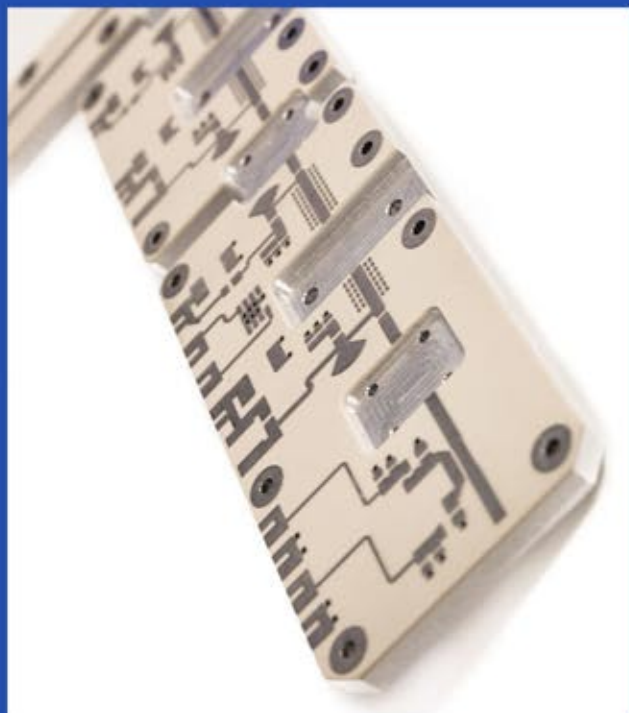

We can be flexible

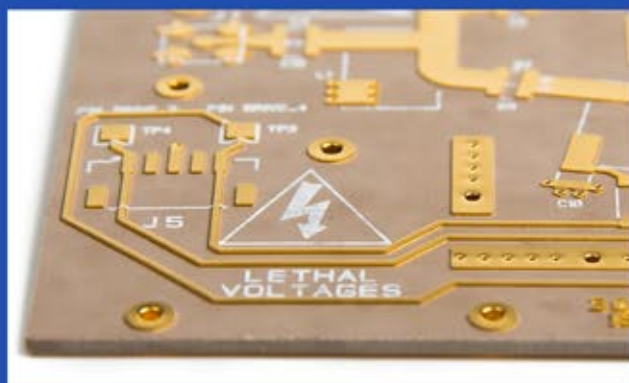

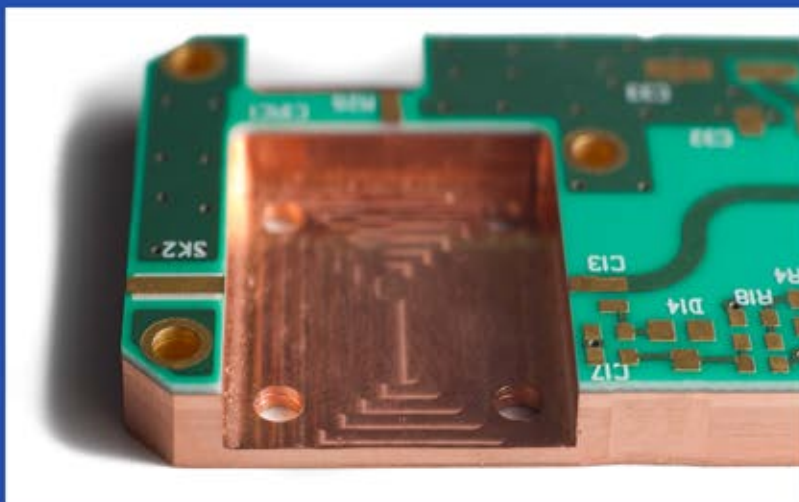

rfpcbs.com

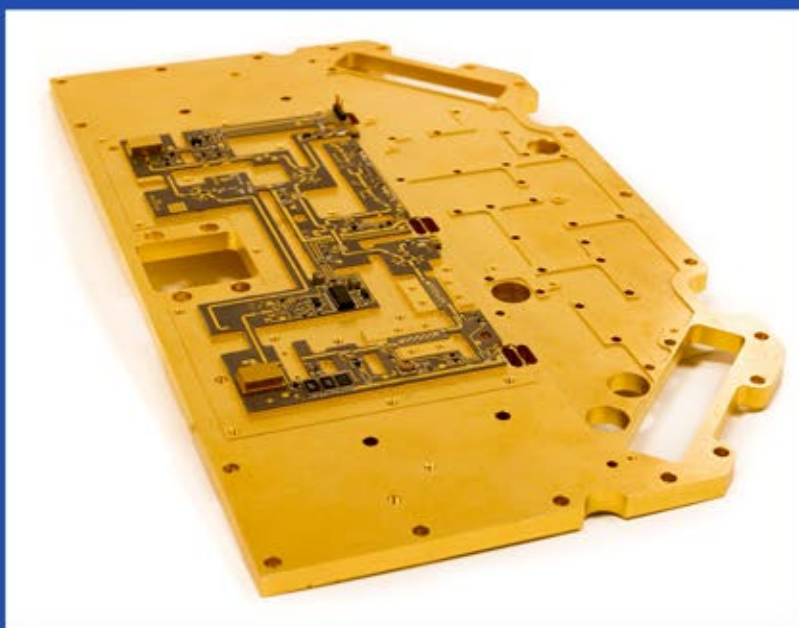

Experienced at different

Not all circuit boards can
handle the power

Ours can take the heat

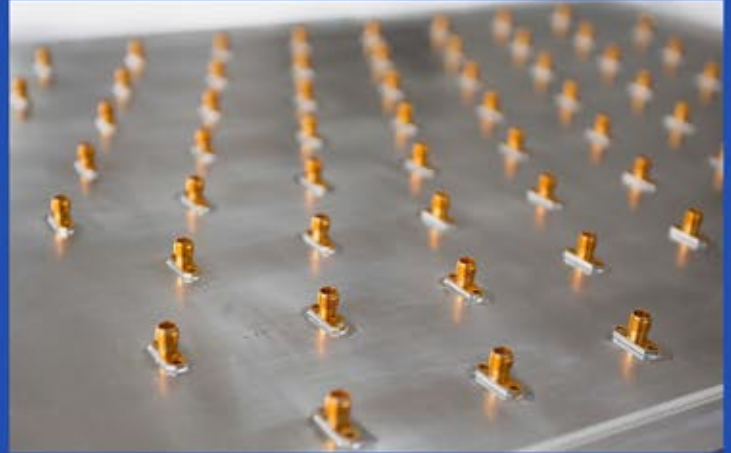

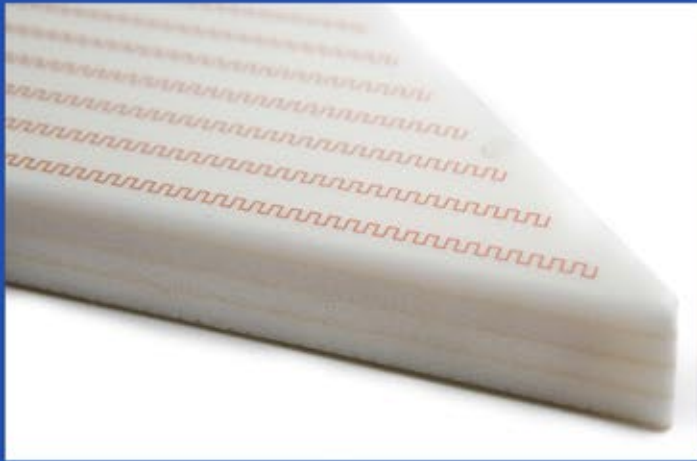

rfpcbs.com

Experienced at different

Not all circuit boards
need components

Ours are naked

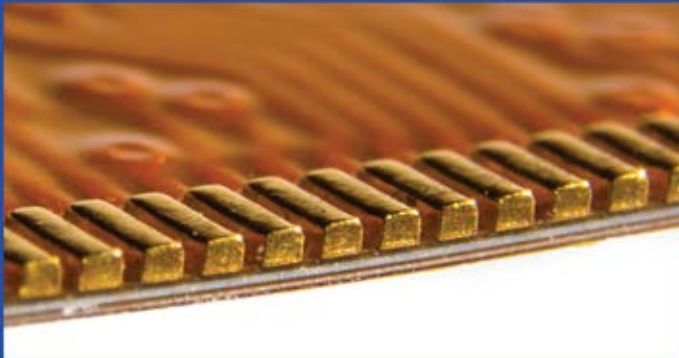

rfpcbs.com

Experienced at different

Not all circuit boards are
able to go into space

Ours go above and beyond
